Opening of Representative Office in Indonesia (Kokusai Indonesia)

Kokusai Kogyo Holdings Co., Ltd. is pleased to announce the opening of a Representative Office in Jakarta, the capital of the Republic of Indonesia.

1. Purpose

Since our beginnings we have had an active presence overseas, based on our advanced geospatial information acquisition and analysis—using Geographic Information Systems (GIS)—technologies, and on our social infrastructure expertise—such as national development projects, disaster prevention and urban planning. Following on from our expansion into Singapore, Germany, Hong Kong and Vietnam, we have now established Kokusai Indonesia to serve as a new overseas base.

This Representative Office will accelerate our expansion in Indonesia, by reinforcing our ties with local businesses and government agencies, and those gained through our participation in the World Economic Forum (WEF) and the United Nations International Strategy for Disaster Reduction (UNISDR). We will build on our local knowledge and contacts to aggressively market our Group strengths and develop new projects.
